CITATION BY PUBLICATION.

In the District Court, 38th JUDICIAL DISTRICT, Medina County, Texas.

Maria Solis Velman, Plaintiff, vs. Florentine Velman, Defendant.

The State of Texas to the Sheriff or any Constable of Medina County—GREETING:

YOU ARE HEREBY COMMANDED, that by making publication of this Citation in some newspaper published in the County of Medina, once in each week for four consecutive weeks previous to the return day hereof, you summon Florentine Velman whose residence is unknown, to be and appear at the next regular term of the District Court of the 38th Judicial District of Texas, held in and for Medina County, to be holden at the Court House thereof, in the town of Hondo, on the first Monday in August, A. D. 1929, the same being the 5th day of August, A. D. 1929, then and there to answer a petition filed in said Court on the 10th day of July, A. D. 1929, in a suit numbered on the Docket of said Court, No. 3138, wherein Maria Solis Velman, is plaintiff, and Florentine Velman, is defendant; the nature of plaintiff's demand being substantially, as follows, to-wit:

That she is and has been for a period of twelve months prior to exhibiting the petition herein an actual bona fide inhabitant of the State of Texas, and has resided in said County of Medina for at least six months next preceding the filing of this suit; that on or about the 30th day of August, A. D. 1926, at Devine, Texas, plaintiff was lawfully married to defendant; that they continued to live together as husband and wife until on or about the 9th day of November, A. D. 1926, when, by reason of the cruel and harsh treatment and improper conduct of defendant toward plaintiff, she was forced and compelled to permanently abandon him, since which time they have not lived together as husband and wife. That during the time she and defendant lived together as aforesaid, she was kind and affectionate to him and always treated him as a wife should, but defendant, unmindful of the duties and obligations of his marital vows, about 30 days prior to the time of her separation, began a course of unkind, harsh, cruel and tyrannical treatment toward plaintiff, which continued until plaintiff was forced and compelled to abandon defendant as aforesaid; that defendant often cursed and abused plaintiff and applied to her the vilest and most opprobrious epithets, without any cause or provocation whatever on the part of this plaintiff, that on or about the 9th of November, defendant struck with his fists and whipped plaintiff and called her many bad names, all of which took place at their home in Devine, Texas; that said marriage relations between plaintiff and defendant still exist. Plaintiff alleges that defendant's actions and conduct toward her generally are of such a nature as to render their further living together as husband and wife insupportable, the premise considered.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relations, for costs of suit, and for such other and further relief, special and general in law and in equity, that she may be justly entitled to, etc.

HEREIN FAIL NOT, but have you before said Court on the said first day of the next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the town of Hondo, this 10th day of July, A. D. 1929.

WITNESS, EMIL BRITSCH, Clerk of District Court in and for Medina County, Texas.

(Issued same day.)

Came to hand July 10th, A. D. 1929, at 10 o'clock A. M., and publication of the above Citation ordered made in the Hondo Anvil Herald.

### BOY SCOUTS ARRIVE AT CAMP MEDINA.

Four troops of Junior Yanks, Boy Scouts of San Antonio, camped at the bridge at Castroville from Monday until Thursday and "Chow" was served them during their three day's stay by Mrs. Henry Ahr at her neat little cafe on the highway.

The following excerpt from the scout publication, "Junior Yanks," of July 29th, tells the story, in words of the scouts, of their stay in historic old Castroville.

"Amid the clamor of joyous shouts, more than twenty boys, representing gall four troops of Junior Yanks, arrived in camp yesterday. The first procedure after unloading from the Liberty truck was 'Chow' which was served by Mrs. Ahr at 5:30. Then followed the setting of camp. The boys were divided into groups of 5 with an adult leader to each group and were assigned a cabin. Each boy was issued cots and mattresses and set right to work to get their respective cabins ready for the night. Following this there was a General Talky and each boy was told just what was expected of him and each cabin master was told his jobs. A nice camp fire was built and camp fire stunts and tales were told until that pesky bugler had to blow the call that made each boy get with his cabin master and head for home, then even worse the bugler had to start in on taps and put them all to sleep. The next three days will be full of fun and knowledge and all the boys are sorry already that the camp will not last longer."

### GAS TAX EXEMPTIONS.

The State Comptroller's Department is now prepared to receive reports of exemptions from the new four-cent occupation tax on the sale of gasoline, according to an announcement by State Comptroller of Public Accounts Sam Houston Terrell. Gasoline used for any other purpose than that of propelling vehicles on public roads, streets and highways is exempt from taxation. Fuel used in farm tractors, stationary engines, air craft and motor boats, therefore, is exempt.

However, the tax must be paid on ALL gasoline. Refunds will be made to those exempt. The tax is placed directly on wholesale distributors of gasoline at the rate of four cents per gallon, but the consumer eventually bears the burden of the tax. The new rate was in effect July 16th, having previously been two cents. The new law does not make it easy for the consumer to secure refunds on exemptions. Comptroller Terrell has outlined the necessary procedure for the exempted consumer as follows:

1. The purchaser must fill out an invoice, at the time of the purchase, giving amount, price, purpose etc. The regular price is paid for the gas. Forms will be supplied by dealers and filling stations.

2. Before the 25th of the month following the month of purchase, the buyer must report to the Comptroller the number of gallons bought and the amount of refunds expected. Claims reported later than the 25th of the following month will not be honored.

3. On receiving the report, the Comptroller's Department will mail the claimant an affidavit-account form, on which will be recorded information as to the amount and use of gasoline purchased. This information must be sworn to before a notary public, and filed with the Comptroller not later than two months from the date of purchase. This document must be accompanied with a filing fee of \$1.00, which must be paid each time that a claim is filed. These fees will be used to enforce the law.

4. The claim will be investigated, and if considered valid, a State warrant will be issued for the refund. This warrant must be cashed within 60 days.

5. No refund shall be made where gasoline is used later than six months from purchase. Persons believing themselves to be entitled to exemptions should write to Comptroller Sam Houston Terrell, Austin, Texas.

### BRICK BUSINESS BUILDING. FOR SALE.

A 22x52 foot brick building on a 35x140 foot lot, on good business corner in town of LaCoste. For sale at a reasonable price and on easy terms. Building is substantially built with concrete floor and metal roof and ceiling. See or write Hondo Land Co., Hondo, Texas.

A door opened. Betty Clinton appeared, her voice anxious. "You've come at last. What is it?" They were getting out of the car, the doctor reaching back for his bag. "It is Warner, Miss Clinton. I've brought Doctor . . ."

"Doctor Kennedy, Miss Clinton." "Oh!" There was relief in her tone. "I'm so glad you've come. He's in a high fever. I'm afraid . . ."

Caleb followed them as they walked swiftly toward the open door. She had thanked him only by a glance that held its reward and conveyed something that encouraged him to wait in the big living-room. There might be something else that he could do. He still puzzled over the presence of Baxter's machine outside, the riddle of Baxter, walking down the canyon. It all seemed to point to a quarrel. Mary Morgan's suggestion that Betty Clinton had not believed him as bad as he was painted grew more likely, this service that he had rendered her might help to renew the bond between them.

He was still in the dark as to the nature of Clinton's illness, or its seriousness, and no one came to enlighten him until the honk of a horn sounded outside.

Betty Clinton did not answer this arrival. Instead Maria entered from the patio pergola, ushering in a brisk, short man with a bag.

"I'm Doctor Conklin," said the man to Caleb who had risen. "You are a friend of the family? I don't think I've met you before."

"I brought Doctor Kennedy up from Coyote," said Caleb. "Miss Clinton feared Padilla might not be able to secure you. It is too bad that there is not a telephone here or we might have saved you the trip. I understand you have plenty to do in Paloma."

The doctor did not appear aggrieved that he had come to play second fiddle, that he might not be wanted. "Kennedy, eh? Good man, Kennedy! Yes, we have a mild epidemic. I must be going back as soon as possible. But there's no harm done. The Mexican told me about Clinton. Exposure—low vitality—danger of pneumonia."

Maria came back and went into the patio. Her eyes turned toward Caleb. He fancied them friendly. Betty Clinton was close behind her.

"I am so glad you came, doctor," she said, advancing with outstretched hand. "So is Doctor Kennedy. He wants to consult with you. Will you go in?"

She accompanied him to the inner door and then came back to Caleb. Her face was pale and worried but her eyes were shining as she gave him her hand.

"I haven't thanked you yet," she said. "There isn't time just now. But I appreciate what you have done. It was kind. You can wait?"

"Surely," he answered, stirred by her touch and voice. She had barely disappeared when Maria arrived with coffee and sandwiches that she set on a table.

"La senorita wishes you to eat," she said, with the effect of an absolute order. Caleb thanked her.

"Did you see—that other one?" she asked. "My senorita did not say, save that she met you by the bridge."

"You mean Mr. Baxter? Yes, I saw him. He has gone down to Coyote."

The repression of his tone drew Maria's attention. She turned and looked at him, the lamp, unshaded in her hand, its light full on Caleb's face. She gasped and then a sort of baleful joy flitted over her swarthy face.

"Madre de Dios! You met heem. Seguro! An' you fought weeth heem. Bueno! I hope you spoiled for heem that han'some face. May he never return—that Baxter! Eef he does, eet is better for heem that he does not meet Padilla. Si, for Padilla weel not use his feests. An' now you mus' wash that blood from your face, senor. I weel breeng warm water to the room where you sleep before. After you eat, you weel find all ready."

Her speech, fierce at the start, had softened. She bestowed a nod of approval on Caleb, her eyes kindly, and swept out. It was plain that Baxter had lost favor at El Nido. It was equally plain that Maria had meant to convey that much to Caleb, together with her emphatic indorsement of the fight that he had not contradicted.

The coffee and sandwiches finished, Caleb went through the patio to the room, finding a lamp, warm water and towels. He made himself more presentable, though the bruises and abrasions where the steel wire had marked his flesh still persisted. Cleansed and refreshed he lit his pipe and strolled through the patio to where the three

moment, he stretched out between the sheets. The sun was flooding the room when he awakened. It was a glorious morning, vital, hopeful. Caleb went immediately to his telephone.

"Are there any messages for me?" he asked the operator. The girl gave him the office number of Doctor Burton, that had been left with her and, on his request, got him the connection. The doctor's office nurse spoke briefly. Caleb hung up the hook softly. Betty Clinton's father was dead.

## CHAPTER XIII

### Baxter Strikes

Caleb did not feel that his present relations admitted of his writing a letter of condolence to Betty Clinton and he would have been at loss how to word it. To send flowers, much as he desired to do something to express the sympathy that he felt for her supreme sorrow, was the function of

relatives and friends more intimate than he. But Mrs. Carquinez helped him out of his quandary. He met her on the street, on her way to the vendors. Betty, she told him, was almost prostrated, but was now bearing up bravely.

"She takes things standing up," said the artist's wife. "She told me of all you did for them the night her father was taken ill. She is very grateful. I shall tell her that I have seen you." she ended, as she shook hands. "Is there any message you would like me to give her?"

"My sympathy, my wish that I could do something. That is all."

### IT WON'T BE LONG NOW.

Wednesday morning, August the 7th, at nine o'clock the fourth annual summer camp of the Southwest Texas Council, Boy Scouts of America will begin its ten days program of fun, romance and adventure for registered Scouts of the ten counties composing the Council.

The officials of the Area, under the leadership of V. A. Brown, Camp Chairman, have arranged some very attractive and interesting features for the daily program. The camp committee is urging the older Scouts to return to camp this summer and enjoy these features.

Chief White Boy Lehman has informed the Scout executive that he will be present, and at his best. His stories of his thrilling life will be absolutely true and can be verified by government records. Chief White Boy, whose Comanche name was "Montechema", tells of the first time that he and a band of Indians ever saw a railroad and a telegraph wire, and what feelings of awe and fear they had as they heard the hum of the wire, and hid in the tall grass to watch the train go by. His life story and the moral which he emphasizes will never be forgotten by those who hear him.

Every Scout can learn Indian bead work this year. For a few nickels you can get enough beads to make you a hat band, watch fob, belt, or book mark, or a wrist watch band for your mother or sister. These beads have been brought in wholesale lots from the importers in New York. We are able to resell them to the Scouts at the price of five cents per bunch, and we furnish the looms, etc. Every Scout who completes a project in bead work gets credit in the camp contest.

The state library is sending us forty-four books on handicraft, birds, and butterflies, and some stories for our camp library.

Every Scout will get some samples of the following sent by some of the big companies, complimentary to Scouting: Unguentine, "monkey blood", Mentholatum and tooth paste.

What troop is going to win the V. A. Brown camping trophy?

To be sure you have the proper tools, every troop should bring its own rake and broom. Troops will draw for locations this year. The tents are now up, and "Old Glory" will be waving from the Thompson Flag Pole as this goes to press. Come to camp "prepared" for the most fun you ever had in ten days of your life.

Mr. and Mrs. H. F. Wurzbach have just returned from Houston where they were visiting their son, daughter and grand-daughter. Mr. and Mrs. Alvin J. Wurzbach and Adrienne, also Mr. and Mrs. Fred Muckenfus. While there they visited the battle field of San Jacinto, Galveston and other points of interest. Also went swimming in the Gulf of Mexico. ### A definite reason for extra value in our USED CARS

WHEN you buy a used car you should be sure the price is not put above the actual worth of the car, to allow the dealer to recoup an excessive trade-in allowance.

Under the Ford policy there is no incentive for this sort of practice—for the price of the new Ford car is so low, and the value so high, that unreasonable trade-in concessions are hardly possible.

We allow the buyer of a Model A just what his old car is worth—and we offer that used car for sale on the same basis. Model A Fords are re-conditioned throughout, and guaranteed. Prices for other makes of cars are based on the service you will get from them. Right now we are offering unusual bargains in unused transportation. Stop in today, and look over these, and others—

Mr. C. F. Redlich, the successful

expert says:

The "perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by Rupture promptly disappear.

Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained.

No elastic belts nor filthy legstraps are used.

I guarantee the durability of my absolutely sweat and moisture proof, sanitary appliances.

75% of ruptured children recover completely through expert mechanical treatment according to statistics.

Do not waste your money on widely advertised mail order contraptions. You cannot fit yourself.

## HONDO DEFEATS BROOKS FIELD.

Thursday, July 25, Hondo went to  
San Antonio and plastered a defeat  
on the Brooks Field team, 12 to 7.  
The victory was in the nature of re-  
venge, for the Brooks Field team  
beat Hondo 2 to 1 the week before.

Mueller, pitching for Hondo, kept  
the hits scattered and through the  
Flyers threatened every inning they  
could only fly out or get caught off  
base in the pinch.

Mueller, Barry, Schneider and J.  
Finger got two hits each.

## MRS. GEO. MUENNINK BREAKS ARM.

Mrs. Geo. Muennink has the mis-  
fortune to fall last Thursday evening  
and break her right arm. Mrs. Muen-  
nink, with other members of her  
family, was preparing to leave her  
home to attend the social given by  
the ladies of St. Paul's Lutheran  
Church when she fell down the steps,  
with the broken arm as a result.

## ANNUAL LADIES NIGHT OF HONDO LIONS CLUB.

their ladies will be Thursday night,  
August 8th, at 8 P. M. at Chamber  
of Commerce hall. There will be a  
good program and banquet followed  
by Col. Hubert A. White, Judge Ad-  
vocate of 8th Corp Area, who will  
give us a lecture.

President Dodd of San Antonio  
will also be here to meet with our  
club.

Every Lion will be expected to at-  
tend.

## SELLS 700 LEG-HORN HENS.

Rev. Gus Muennink, who is in the  
poultry business on rather a large  
scale and has an up-to-date poultry  
plant located some eight miles north  
of town, was a business caller at this  
office Monday and reported the sale  
of 700 white Leg-Horn hens, which  
he recently advertised. Mr. Muen-  
nink says he has 1100 white Leg-  
Horn pullets, of his own raising, to  
take the place of the hens disposed  
of. There should be no shortage in  
the supply of eggs here this fall.

## ANDREW SCHUEHLER DEAD.

Mr. Andrew Schuehle, about 71  
years, died suddenly Thursday after-  
noon of heart failure. His burial will  
take place this afternoon (Friday),  
at 4:00 o'clock, in the Quihi cemetery.  
Funeral services at the home will be  
conducted by his pastor, Rev. Haas-  
kari of the Quihi Lutheran Church,  
and will be concluded by a Masonic  
burial service at the cemetery.

Deceased is survived by his wife;  
one son, John Schuehle; three daugh-  
ters, Mrs. Willie Eckhart, Mrs. Ro-  
bert Groff and Mrs. Steri Haby; one  
sister, Mrs. Louise Kieffer of Cliff;  
and two brothers, Henry and August  
Schuehle.

We hope to be able to give a more  
extended write-up of the life of this  
pioneer resident of our county in our  
next issue.

## LIONS CLUB.

luncheon July 29th, with T. B.  
Knopp, past president, acting for  
President Dillon, who was unable to  
attend. Chairman of yard contest  
appointed Earl Boon, Garland Martin  
and Gordon Barry to judge yards on  
July 31st.

Committee on "Road to Ina Oil  
Field" asked for more time.

We had as our guest Mr. McElroy,  
Ford dealer in Hondo, also Mr.  
Ludolph, secretary San Antonio  
Lions Club and Col. Bateman, retired  
Chaplain of U. S. Army, who gave us  
a talk on army life as he found it  
during his 40 years of service. He  
told some interesting stories and  
gave us some real facts about the  
army and the American soldier.

## HONDO DEFEATS QUIHI.

Hondo and Quihi ball teams met in  
a hard contest at the Fair Grounds  
last Saturday, Hondo winning 7 to 6.  
The contest lasted 10 innings.

Reitzer had the Hondo boys on his  
hip for eight innings, but weakened,  
and base blows and errors tied the  
score in the ninth. Wiemers' two base  
hit in the 10th, a sacrifice by Laugh-  
inghouse and a single by Rath, put  
across the winning run.

Rath started for the locals but was  
hit hard. He was relieved in the  
fourth by Joe Wilson, who pitched  
good ball. Much spirit was shown  
by both sides, and it was as good a  
ball game as anyone would want to  
see. Come out and support the team.  
They can win consistently with a lit-  
tle support.

## QUIHI NOTES

"As the body without the spirit is  
dead, so faith without works is dead  
also." James 2: 26.

At 9 o'clock Sunday morning Sun-  
day school and Bible class will be  
held in Bethlehem Lutheran church.  
All members of the various classes  
should be present. Visitors and  
strangers are welcome.

Divine services will be held in  
Bethlehem Lutheran church both  
forenoon and at night. At 10 o'clock  
in the forenoon the service will be in  
the German tongue and at 8 o'clock  
P. M. in the English language. Please  
bring your English hymnbooks to the  
English service. All are cordially  
welcome.

Organized efforts are at work ar-  
ranging a fine program of musical,  
literary and oratorical numbers for  
the lawn social to be given on the  
parish hall lawn. The committee of  
night of August 17th, on the Quihi  
arrangements will see to it that, aside  
of the program, other amusements  
and refreshments will be had on the  
grounds. A cordial invitation to  
come and enjoy all this social offers  
is extended to all.

The Bethlehem Church choir has a  
new director in the person of Mr.  
Walter Grell, who was recently elec-  
ted to this position, which was held  
for a number of years by Mrs. C. P.  
Haaskari. With Mrs. H. Schuehle's  
experience and efficiency at the  
piano and the wand or baton in Mr.  
Grell's hand, the choir will doubtless  
continue to beautify the church ser-  
vices in the future, as in the past,  
with the rendition of splendid music.

"Two years ago specialists in

# TEXAS AND TEXANS

## TEXAS AND TEXANS.

By Will H. Mayes

**Texas Exports Increase**  
 Figures do not mean much to many people, especially when the figures are in millions. So, readers may be much impressed when told that exports from Texas points have increased more than a billion dollars in 1900. Nearly 80 per cent of the increase is in cotton, Texas producing about one third of the crop of the entire country. In the last ten years, wheat and other grains have shown a large per cent of seaport exports from Texas points. Wheat exports from Texas points, shipped into Galveston in such large quantities about the middle of July, enough vessels could not be loaded or enough warehouse room to receive the wheat arriving by rail, and the railroads were at reason compelled to place a temporary embargo on wheat despatch to Galveston. Texas is doing business in a big way and every part of the State is contributing to it.

### Panhandle Bank Deposits

The banks in Amarillo show an increase of more than \$10,000,000 in deposits since the wheat harvest has on, and every grain belt town in its reports the biggest bank deposits in its history. Wichita Falls, Rock, Plainview, Perryton, Spearman, Pampa, Quanah, Claude, Wellton, Memphis, and towns as far as Bonham all report unusual business activities due largely to the wheat crop and the satisfactory results being obtained for it.

### Extravagant Legislators

The third special session of the Texas legislature set a new record, even surpassing previous sessions of that kind for drawing pay for services were not rendered the State, and keeping a large body of idle legislative employees, for whom there was work to do. Some members of the legislature were not present during the session, and not exceeding half of the members were present half of the session. Despite the ruling of the Attorney General that it could not be legally done, members received pay the time they were absent from the session during the session, this being by action of the body. There was not a quorum more than half the time, and at adjournment only four members and eight legislators were present. Too many "servants" of the legislature as little as possible and as much pay as they can get.

### Business Methods Needed

A business institution would tolerate for a day the waste of time characterizes practically every department and branch of the Texas government, as exemplified by the legislature, which should set an example in economy and efficiency in service. It is doubtful if the State pays for all-time service of a kind by business concerns. That any taxes are so high.

### Senator's Suggestion

There is no sense a political column, but this columnist believes that something should be done to stop the increasing cost of State, county and municipal governments. He also thinks that in most cases the taxpayers are paying too much for what they get. For that reason he will urge on to readers any practical suggestions that may be made for cutting down the taxpayer's bills without lessening efficiency of service. Too many candidates announce that they will "economize," without stating if they propose to bring it about. At a talk at San Angelo, E. G. Taylor suggested that all county administrative offices be abolished by constitutional amendment and that commissioners' court employ

clerks to perform these duties at current wages for similar services, pretty much as the city manager form of government is now being conducted. It is at least worth thinking over as a business suggestion.

### Cannery Enterprise

A vegetable cannery to cost \$50,000 will be completed at San Perlita in time to handle the fall vegetable crop. It will employ 60 or 75 persons and will have a capacity for canning three or four carloads of vegetables a day. The hope of the owners is to keep the plant busy through practically all the year and especially to develop larger fall and winter planting.

### Another Cheese Factory

Georgetown business men have noticed that the Round Rock cheese factory ten miles away has been drawing a large volume of trade that had been going to Georgetown, so they have made plans for the immediate construction of a cheese factory at Georgetown. Georgetown is also to have a new hotel to hold some of the travel that has been going to Austin, Taylor and other neighboring places. Competition seems to have awakened the old town.

### Texas Sugar Beets

Can sugar beets be grown profitably in Texas? The Winter Garden district, which includes that rich irrigated section around Carrizo Springs, is considering the question. Government experts will be invited to visit the section to induce the farmers to try out the crop. It is understood that a large refining company will contract to establish a sugar beet factory in every vicinity where as much as 5,000 acres of sugar beets are assured.

### Brady Gets Airport

Somehow Brady is expected to lead towns of its size in progressive movements, so there is no surprise in the statement that plans are all ready for that hustling little city to have one of the best airports in the country. Brady is doing many other things in the way of civic improvements to make itself a more desirable residence city.

### East Texas C. of C.

The fact that nearly 50 towns in East Texas have over-subscribed their assessment quotas for the support of the East Texas Chamber of Commerce is about the best evidence that could be offered as to the effectiveness of the work of that body. People do not fall over each other to pay money into organizations unless they are sure that they will get returns from it.

### Texas Gasoline Tax

Texans who complain about the four cent gas tax get some consolation from the fact that the tax in Florida is six cents. The tax is all right provided, and only provided, the money is spent to the best advantage of the people.

It is hard, however, to please all the people. A Texas citizen is proposing the formation of a 200,000 political voting block to bring about "more equitable distribution of highway funds in the State."

### San Marcos Improvements

San Marcos is extending its water mains to render better service to the people. The city some time ago acquired control of the water system and is now in position to improve it without asking some outside corporation to do it. After many months of effort and controversy, San Marcos is hopeful of inducing a gas company to supply its people with natural gas from mains that pass close to the city into Austin.

AMENDMENTS NOW APPEAR TO BE BEATEN.

AUSTIN, Tex., July 29.—The proposed constitutional amendments to enlarge the Supreme Court to nine members and raise the Governor's salary to \$10,000 annually today were virtually given up as defeated in the special election of July 16.

Returns received by Former Attorney General W. A. Keeling from 69 counties showed the amendments far behind. Keeling was chairman of the Texas Bar Association's committee to campaign for the court amendment. Keeling's figures showed:

Enlarged court: for, 28,517; against, 39,301.

Governor's salary: for, 26,220; against, 37,301.

Former Governor James E. Ferguson had collected returns from 82 counties. His figures were:

Enlarged court: for, 31,890; against, 46,726.

Governor's salary: for, 31,897; against, 46,789.

The Governor's salary is now \$4,000 annually.

In each instance returns were furnished by the county clerks, after the commissioners courts had canvassed the vote.—Tuesday's Express.
